The following definitions and criterions given in bullets need to be taken into account while making an objection application to TUBIMER Online Platform in the content of the "Regulation on Objections to the Application Evaluation Processes of the Programs Coordinated by TÜBİTAK"

**Definitions:**

- Reason for Rejection:** reason(s) of rejection written on the result letter sent by the relevant TUBİTAK division to the person/institution applied for support.
- Reason for Objection:** Reason(s) indicated by the person/institution during their objection application to TUBİTAK Online Platform (tubimer.tubitak.gov.tr)

**Criteria:**

- Compatibility:** The indicated objection reasons need to be compatible with the reasons of rejection in the result letter sent to the applicant.
- Measurability:** Concrete, measurable and consistent reasons for objection must be provided to the rejection reasons stated in the conclusion letter.
- Associability:** When objecting to the rejection reasons stated in the result letter, reference should be made to the issues included in "the Project Application Document" and associated with the reasons for rejection.
- Simplicity:** In the objection application file, it is considered sufficient to only make explanations regarding the refusal reasons. While forming the objection reasoning regarding the refusal; there should be no emphasis on future practices (personnel recruitment, machinery and equipment procurement, cooperation practices, etc.).

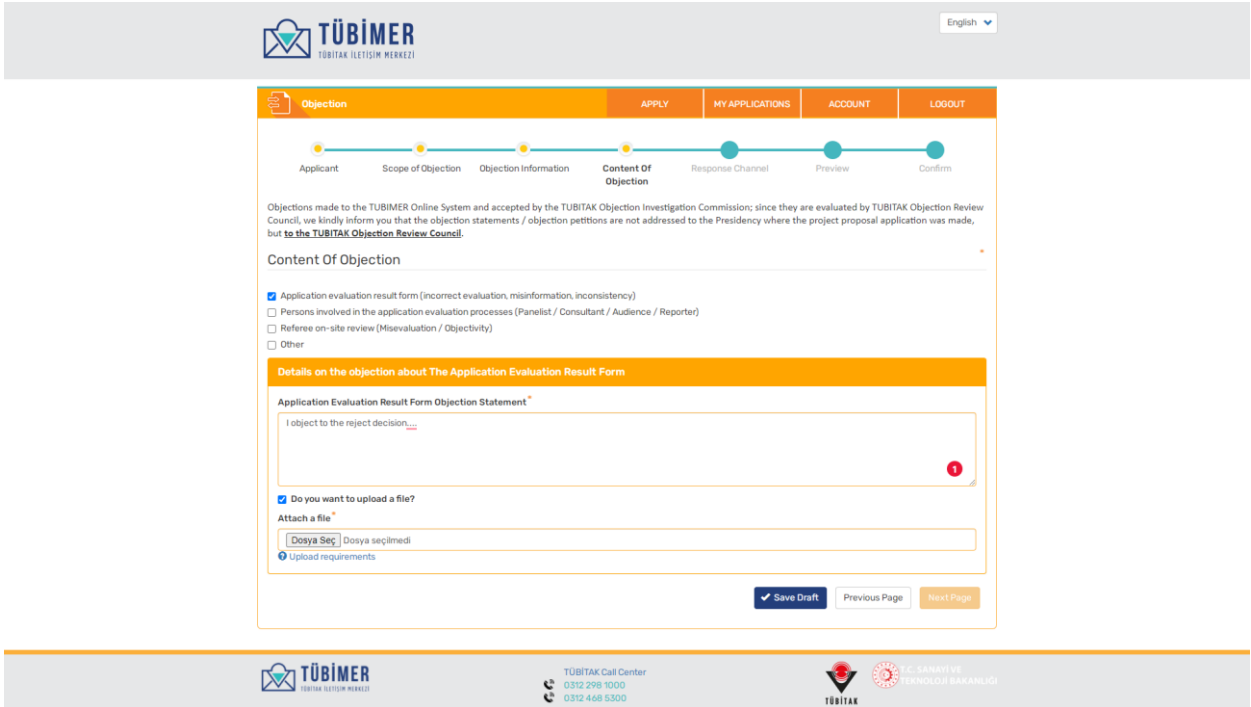

The modal window also includes "Previous Page" and "Next Page" buttons. The background form has "ACCOUNT" and "LOGOUT" buttons. The footer contains the TUBIMER logo, contact information (TUBİTAK Call Center: 0312 298 1000, 0312 468 5300), and the TÜBİTAK logo.
